## Superintendent

Maureen LaCroix

## Principal

 Jon Sills
## Assistant Principals

Kevin Tracey Kristen Vogel

## Guidance Staff

Diane Ryan, Director of Guidance, ext. 1135 Brian DeChellis, 9-12 Counselor, ext. 1132

Karen Ford, 9-12 Counselor, ext. 1133
Janel Halupowski, 9-12 Counselor, ext. 1134
Alison Lohrum, 9-12 Counselor, ext. 1136

## THE TOWN OF BEDFORD

Bedford, Massachusetts is a community of approximately 13,000 people, located fourteen miles northwest of Boston. A typical New England town in architecture, government, and traditions, Bedford is proud of its historic past. Bedford is equally proud of its current residents' progressive support for town government and education. Located near Route 128, Bedford is a center of high technology. Hanscom Air Force Base, which borders Bedford, is an acknowledged leader in aerospace research and is an integral part of Bedford's social and technological vitality. Middlesex Community College, part of the state's tiered system of colleges and universities, is located in Bedford and serves as an excellent academic resource for our students. The town of Bedford was recently chosen as one of the USA's "One Hundred Best Communities" of 2007 because of its overall town services and support of education.

## BEDFORD HIGH SCHOOL

Bedford High School is proud of its record of student achievement, the education and training of its faculty, and its pursuit of excellence in education. Boston Magazine’s 2008 "Best High Schools" issue rated Bedford High \#4 in the Commonwealth for overall "Cost Effectiveness" and \#14 out of 141 public high schools for academic performance. A comprehensive, four-year school, Bedford High is accredited by the New England Association of Schools and Colleges (N.E.A.S.C.). Enrollment is growing and is currently at 785, with a senior class of 205.

The student-faculty ratio is $16: 1$, and $76 \%$ of the faculty holds an advanced degree. Its medium size offers the best of both worlds: Bedford High is large enough to offer great curricular breadth, and small enough for each student to be known as an individual. Our challenging curriculum is enriched by a caring, collaborative and creative faculty, a vibrant music and arts program, and a vigorous athletic program. We are committed to both stretching and supporting each student academically, personally, and socio-emotionally. Our average SAT scores each year (1700 SAT score out of 2400 for the class of 2008) are consistently well above the state and national averages. The Class of 2009 MCAS passing rate on the first attempt was $100 \%$ for English and 100\% for Math.

Within a traditional New England town setting, the high school helps to bring the greater world into Bedford: our racial and socio-economic diversity is unusually rich for a suburban town. Bedford has long served as the high school not only for children of the town, but also for children of Hanscom Air Force Base military personnel. These students comprise $17 \%$ of Bedford High's enrollment. Many have lived all over the United States and the world, and enrich the school with their points of view and experiences. In addition, the METCO program brings students from Boston to Bedford at every grade level. Bedford High School is currently completing an extensive renovation, which will result in a larger, beautiful state-of-the-art building for teaching and learning.

## Bedford High School Mission Statement

The mission of Bedford High School is to educate all students in a nurturing, democratic, challenging, and inclusive environment. Bedford High School, in partnership with parents and the community, helps students attain the knowledge and develop the skills and intellectual curiosity to become independent and self-sufficient adults who will contribute responsibly in a global community. By providing opportunities for students to create meaning and to develop understanding in a variety of contexts, Bedford High School prepares students to grow and to act in a well-informed, creative, ethical, and compassionate manner.

## A Rigorous and Supportive School

## To these ends, Bedford High

School provides a rigorous and supportive education to students at every academic level. During the junior and senior years, our Level 5 classes are designed to provide a level of depth and complexity that is equivalent to introductory college classes.

Where needed, the faculty creates the appropriate scaffolding to enable all students to achieve our academic expectations. The school supplements this differentiated instruction with a range of programs designed to support academic achievement.

## Sampling of Recent Competitive Achievements

- National History Day Competition: First/Gold and Second Place Winners nationally
- Mass. Association of Math Leagues: Champions for medium sized schools.
- New England Association of Math Leagues, Second place.
- Science Olympiad: Eighth out of thirty-six teams.
- First Robotics Competition, World Championship Participants
- Boston Globe Scholastic Art Exhibit: 2 Gold Key portfolio winners; 1 Silver Key in painting; and 5 Honorable Mentions.
- Music ensembles participated in Northeastern Music Festival, earning two gold medals and a silver

## Bedford High School students will be:

1. Active Learners - engaged in the quest for knowledge and understanding

Students will:
> acquire and apply knowledge connecting curriculum to prior knowledge and real life situations
$>$ read actively, widely and purposefully
$>$ engage in inquiry and self-directed learning
> conduct analytical research
$>$ use feedback and self-reflection to extend learning
2. Resourceful Thinkers - engaged in solving problems, making meaning and developing understanding

Students will:
$>$ employ critical and creative thinking skills
$>$ evaluate contexts, perspectives and assumptions
> examine relationships, integrate knowledge, and apply understanding within and across disciplines
$>$ imagine and generate innovative ideas, solutions and understandings
3. Effective Communicators - engaged in sharing information, insights, and ideas

Students will:
$>$ present in oral and written form with clarity, purpose, and understanding
> gather, synthesize, and present knowledge creatively using a variety of media
$>$ use technology and the arts to demonstrate knowledge and skills
$>$ use evidence and logic to respond constructively to critical questions

## Social and Civic Expectations

Bedford High School students will:

* act with integrity, respect, and responsibility towards themselves, others, and the environment
* value cultural diversity and recognize global interdependence
* practice the democratic principles of tolerance, activism, responsibility for and service to one's community
* think independently and work cooperatively to achieve goals and resolve issues

## CURRICULUM AND INSTRUCTIONAL GROUPING

All students are fully scheduled and receive 990 hours of classroom instruction per year. Bedford is on a six-day cycle, rotating block schedule of full year courses. (The only exception is the Health/Physical Education semester combination.) There are five 70-minute classes each day. A typical student schedule would include five, 5 credit courses in English, math, science, social studies and world language, and four, 2.5 credit courses in physical education and health, art, music, occupational education, and other subjects.

Every course at Bedford High is assigned a level from 1 to 5 . Levels 3, 4, and 5 are college preparatory levels. Level 5 is the honors and AP level. The highest level offered in a given subject, however, is sometimes a level 3 or 4. Please consult the enclosed listing of all courses in the Program of Studies for this information. Our levels reflect increasing expectations of classroom academic intensity, outside work, and levels of intellectual independence. Students are encouraged to aspire to the highest level possible.

## GRADUATION REQUIREMENTS

A total of 110 credits is required for graduation, which must include:

| Subject | Required <br> years | Credits | Subject | Required <br> years | Credits |
| :--- | :--- | :--- | :--- | :--- | :---: |
| English | 4 | 20 | Art | 1 | 2.5 |
| Math | 3 | 15 | Music | 1 | 2.5 |
| Science | 3 | 15 | Occupational Education | 1 | 2.5 |
| Social Studies | 3 | 15 | Physical Education and | 4 | 10.0 |
| World Language | 1 | 5 | Health Education |  |  |

## GRADE POINT AVERAGE AND CLASS RANK

Class rank is calculated at the end of the sixth and seventh semesters, and is determined by the weighted grade point average. All courses with a numerical grade from grades 9,10 , and 11 will be used in these calculations. Each final grade in levels 3,4 , and 5 is weighted. All final grades are then multiplied by the number of credits assigned to the course. The sum of these products is then divided by the total number of credits attempted, to arrive at the weighted grade point average.

Class rank is reported in 5 percent units. The $5^{\text {th }}$ percent is the highest 5 percent rank, and the 100th percent is the lowest 5 percent rank. Students in the top 1 and 2 percent of the graduating class will also be identified as top 1 and 2 percent. Class rank will be reported on the student's transcript along with the weighted GPA, unweighted GPA, and final grades. (Senior year grades will be reported by quarters.)

The unweighted grade point average is reported on a scale of .5 to 4.5 . This is the traditional college 4.0 scale, with points added beyond for students with unusually high numerical averages. A . $5 \mathrm{GPA}=$ an average of 60 , the minimal passing grade. A $4.0 \mathrm{GPA}=$ an average of 95 . A few students have unweighted averages higher than 95 . Thus, to accommodate them, a 4.1 GPA = an average of 96, and so forth, up to a 4.5 GPA = an average of 100 . The highest unweighted grade point average in the Class of 2009 is 4.3.

The weighted grade point average is reported on a scale of .5 to 6.9. Like the unweighted scale, it begins as a scale that goes from .5 to 4.5. Because a student in a level 5 course who receives a final grade of 100 would add 24 weighted points to his/her final grade, the weighted scale must extend to $4.5+24$, or to 6.9 . Thus, a theoretical student who took all level 5 courses and received all final grades of 100 would obtain a 6.9 weighted average. This is in fact not achievable, because not all courses are level 5 . The highest weighted grade point average in the Class of 2009 is 6.1.

Weighted Grade Point Average Distribution

Unweighted Grade
Point Average

| $\mathrm{A}+$ | $97-100$ | $4.2-4.5$ |
| :--- | :--- | :--- |
| A | $93-96$ | $3.8-4.1$ |
| $\mathrm{~A}-$ | $90-92$ | $3.5-3.7$ |
| $\mathrm{~B}+$ | $87-89$ | $3.2-3.4$ |
| B | $83-86$ | $2.8-3.1$ |
| $\mathrm{~B}-$ | $80-82$ | $2.5-2.7$ |
| $\mathrm{C}+$ | $77-79$ | $2.2-2.4$ |
| C | $73-76$ | $1.8-2.1$ |
| $\mathrm{C}-$ | $70-72$ | $1.5-1.7$ |
| $\mathrm{D}+$ | $67-69$ | $1.2-1.4$ |
| D | $63-66$ | $.8-1.1$ |
| $\mathrm{D}-$ | $60-62$ | $.5-.7$ |

## Massachusetts School and District Profiles <br> Bedford High

## 2008-2009 NCLB Report Card - Bedford High

## Bedford High (00230505)

## Jonathan Silis, Principa

Mailing Address: 9 Mudge Way
Bedford, MA 01730-2166
Phone: (781) 275-1700
FAX: (781) 275-6664
Website: http://www.bedford.k12.ma.us/bhs

## Overview:

This report card contains information required by the federal No Child Left Behind Act (NCLB) for our school and district including: teacher qualifications; student achievement on the Massachusetts Comprehensive Assessment System (MCAS); and school/district accountability.
Enrollment and Educator Data (as of October 1, 2008)
A highly qualified teacher is defined as a teacher holding a Massachusetts teaching license at the Preliminary, Initial, or Professional level AND demonstrating subject matter competency in the areas they teach). Core academic areas include English, reading or language arts, mathematics, science, foreign languages, civics and government,
economics, arts, history, and geography. (Notes: Charter schools are not required to hire licensed teachers; self-contained classroom courses have been weighted to reflect the core academic courses within them. For more information, please visit:
http://www.doe.mass.edu/nclb/hq/. State educator data totals will be available once this information is collected from all schools and districts.
High Poverty Schools are schools in the top quartile of poverty in the State. Low Poverty Schools are in the bottom quartile of poverty in the State.

Grades Offered: PK, 09, 10, 11, 12

## 2007 Massachusetts and Nationwide NAEP Results by Student

## Group

## Average Scaled Scores and Percents of Students at Each <br> Achievement Level

NAEP, or the National Assessment of Educational Progress, is often called the "Nation's Report Card." It is the only measure of student achievement in the United States that allows you to compare the performance of students in Massachusetts with the performance of students across the nation or in other states. Students take the NAEP in reading and mathematics every two years. When reviewing these results, it is important to keep in mind that the NAEP results are based on a small sample of students across Massachusetts, not the population of Massachusetts students. For more information, please visit http://www.doe.mass.edu/mcas/naep/faq.html.

The following symbols are used to denote the NAEP achievement levels: A for Advanced, P+ for Proficient and above, B+ for Basic and above, BB for Below Basic. The symbol "\#" means that the estimated number of students rounds to zero.

| GRADE LEVEL 4 - READING |  |  |  |  |  |  |  |  |  |  |  |  |

2007 Massachusetts NAEP Results

## Participation Rates for Students with Disabilities and for Limited English Proficient Students

The NAEP program has always endeavored to assess all students selected for testing. In all NAEP schools, accommodations are provided as necessary for students with disabilities and/or English language learners. School staff who are familiar with these students are asked a series of questions to help them decide whether each student should participate in the assessment and whether the student needs accommodations.

## 2008 Adequate Yearly Progress (AYP) Data

|  | NCLB Accountability | Performance Rating | Improvement Rating |
| :--- | :--- | :---: | :---: |
| Status |  |  |  |
| ENGLISH LANGUAGE ARTS | No Status | Very High | On Target |
| MATHEMATICS | No Status | Very High | No Change |

To make adequate yearly progress in 2008, a student group must meet (A) a student participation requirement, either (B) the State's 2008 performance target for that subject or (C) the group's own 2008 improvement target, and (D) an additional attendance or graduation requirement.

| Student Group | (A) Participation |  | (B) Performance |  | (C) Improvement |  | (D) Grad Rate |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Did at least $95 \%$ of students participate in MCAS? |  | Did student group meet or exceed state performance target? |  | Did student group meet or exceed its own improvement target? |  | Did student group meet 92\% attendance (G1-8) or 60\% graduation rate target (G9-12)? |  |  |

## 2008 MCAS Data - By Grade, Subject and Subgroup

Notes: The results of Limited English Proficient (LEP) students enrolled in U.S. schools for the first time are not included in MCAS results; however, they are included in school and district participation rates based on their participation in the Massachusetts English Proficiency Assessment (MEPA). AYP Participation rates show the number of students who participated in MCAS and MCAS Alternate Assessment (MCAS-Alt) tests divided by the number of students enrolled on the date the tests were administered.

* Note: Grade 10 Science and Technology/Engineering results represent the highest performance level attained by class of 2010 students in grades 9 or 10 in any of the four subjects (Biology, Chemistry, Introductory Physics, and Technology/Engineering). In addition, only students enrolled in Massachusetts since October 2006 are included in state-level results; only students enrolled in the same district since October 2006 are included in district-level results; only students enrolled in the same school since October 2006 are included in school-level results.

## About the Data

## Enrollment and Educator Data

Notes:
The "Total \# of Teachers" is displayed as the full-time equivalency count of teachers rounded to one place after the decimal.
"Social Studies" is not a core academic subject area as defined by NCLB. However, in Massachusetts it is understood that there are teachers licensed in social studies who may be teaching other core subject areas such as "geography, civics/government, or economics" under the social studies license. For this reason, districts are advised that teachers teaching under a social studies license must be highly qualified in the NCLB-defined core subject areas they are teaching.

## Student Groups (as of October 1, 2008)

African American or Black: A person having origins in any of the black racial groups of Africa.
Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent.
First Language Not English: A student whose first language learned or used by the parent/guardian with the child is not English
Formerly Limited English Proficient (FLEP): A student who has
transitioned out of LEP status during the current school year or within the past two school years.
Hispanic or Latino: A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
Limited English Proficient (LEP): A student whose first language is a language other than English who is unable to perform ordinary classroom work in English.
Low Income: An indication of whether a student is eligible for free or reduced price lunch; or the student receives Transitional Aid to Families benefits; or the student is eligible for food stamps.
Migrant: An indication of whether an individual or a parent/guardian accompanying an individual maintains primary employment in one or more agricultural or fishing activities on a seasonal or other temporary basis and establishes a temporary residence for the purposes of such employment.
Multi-race, Non-Hispanic: A person selecting more than one racial category and non-Hispanic.
Native American: A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.
Native Hawaiian or Other Pacific Islander: A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.
Special Education: A student with disabilities who has an Individualized Education Plan (IEP) as defined under the Individuals with Disabilities Education Act.
Title I: Student receives Title I services.
White: A person having origins in any of the original peoples of Europe, the
Middle East, or North Africa.

## MCAS Data (Spring 2008 Results)

MCAS performance levels include Above Proficient (P+) in grade 3; Advanced (A) in grades 4-8 and 10; Proficient (P) in grades 3-8 and 10; Needs Improvement (NI) in grades 3-8 and 10; Warning (W) in grades 3-8; and Failing (F) in grade 10.

Above Proficient: Students demonstrate mastery of challenging subject matter and construct solutions to challenging problems.
Advanced: Students demonstrate a comprehensive and in-depth understanding of rigorous subject matter and provide sophisticated solutions to complex problems.
Proficient: Students demonstrate a solid understanding of challenging subject matter and solve a wide variety of problems.
Needs Improvement: Students demonstrate a partial understanding of subject matter and solve some simple problems.
Warning/Failing: Students demonstrate a minimal understanding of subject matter and do not solve simple problems.

## Accountability Data (2008)

As required by the federal No Child Left Behind Act (NCLB), all schools and districts are expected to meet or exceed specific student performance standards in English language arts and mathematics by the year 2014. AYP determinations are issued yearly based on the performance of all students and for student subgroups to monitor the interim progress toward attainment of those goals. For more information on AYP, please see http://www.doe.mass.edu/sda/ayp/.

For more information on the No Child Left Behind Act, please visit http://www.doe.mass.edu/nclb/parents.html.
For a detailed profile of this school or district, please visit http://profiles.doe.mass.edu/

For more information on any of the terms used in this report card, please visit http://profiles.doe.mass.edu/help/data.aspx.
